

Sunday October 5th, we will begin worshipping in the Black Box Theater located in Building B on the Concordia campus.

Building B is located just to the left of Chapel building (A). Parking lot B, where we have been parking regularly, will still be our main parking lot. Those with limited mobility can park in lot A which is in front of Building B (see map below). There are two spaces marked as Handicap Parking and a third space to the right that should be reserved for those needing the closest access to Building B.

Volunteers will be in the parking lots to direct everyone. We have two dedicated Sunday School classrooms across the hall from the Black Box Theater, and the class names will be on the doors.

Building B will be our worship space for the foreseeable future. After the Chapel renovation is completed, we will have the option of moving back to the Chapel, or staying in the black Box Theater.
